A photograph of a modern, multi-story data center building with a white facade and blue accents. The building features a large sign that reads "SLTMOBITEL data center" in blue and green. The sign includes a cloud icon above the word "data". The building is partially obscured by a dark blue, semi-transparent overlay that contains text. In the foreground, there are several green trees with bright yellow-green leaves, suggesting a tropical or subtropical environment. The sky is clear and bright.
